

GREAT FUTURES START HERE.

Dear Parents and Guardians of Middle School Members,

Part of our Middle School programming includes creating healthy study habits prior to entering high school. Our Great by 8th program grant aims to engage and encourage students to learn about careers and develop leadership skills. One way your student can achieve this is by utilizing the online grade system provided by the Coos Bay and North Bend School Districts.

Although this information is provided by the schools during registration, many of our students in grades 5-7th do not keep record of their logins with them. With your permission, we would like to assist your student in monitoring their grades during the 2018-2019 school year to ensure academic success. This includes:

- ◆ Grades
- ◆ Missing Assignments
- ◆ Attendance Information

Member information will of course remain strictly confidential and will only be used by Club staff and your student. At no point will individual student data be publicly released. However, it's your right to deny this permission and you may do so by checking the appropriate box below.

If you have any question please contact Annabel Taylor, Teen Programmer, at annabelt@great-futures.org or (541) 267-3635. Thank you!
