

GREAT FUTURES START HERE.

BOYS & GIRLS CLUB
OF SOUTHWESTERN OREGON

Dear Parents and Guardians of Club Members,

We as staff members at the Boys and Girls Club of Southwestern Oregon strive for each and every one of our Club kids to have a successful and enjoyable experience in our Club that provides them with the qualities needed for a great future. We have programs in place that will allow us to provide mentorship and educational assistance to any Club member who needs it, but in order for them to be truly effective we need certain information about our members as students. We are currently working closely with school district administrators who have recommended that we use each district's online grade-viewing programs (*Synergy-CB*, *Jupiter Grades-NB*) to access the student data we need in order to provide a quality service to our kids.

This program will provide us with valuable member data to help us determine where the greatest need is for our Club kids. With your permission, we would like to collect the following information from your child's school records for the 2013-2014 school year:

- ◆ Grades
- ◆ Grade Progression
- ◆ Test Scores
- ◆ Missing Assignments
- ◆ Attendance Information

Member information will of course remain strictly confidential and will only be used by the Club and its staff. At no point will individual student data be publicly released. However, it your right to deny this permission and you may do so by checking the appropriate box below.

If you have any question please contact Greg Pedersen, Educational Coordinator, at (541) 267-3635. Thank you!

I do consent for this information to be gathered.

I deny permission.
